nordkraft plays mintzer

In May 2017 Bob Mintzer visited Nordkraft Big Band. The project brief we gave him was that the music should be a varied mix of his best compositions and arrangements and that Mintzer himself should be both conductor and soloist. It was such a great experience working with Bob Mintzer and he really made a difference in the big band. One of the concerts was recorded and was of such good quality that we decided to publish the material. Mintzer was completely on board with the idea and introduced us to Rich Breen who took on the editing process for us. After Rich's terrific input the finished product is ready and we hope You will enjoy it!
